**Clarification of News Report**

We write in response to your request for clarification and/or confirmation of the news article entitled “Gov’t pursues claim on Petron refinery lot” posted in manilastandard.net on February 18, 2025. The article reported in part that:

“The government plans to use 347 hectares being used by oil refiner Petron Corp. for future energy projects if it wins a Supreme Court ruling, Energy Secretary Raphael Lotilla said.

Lotilla, chairman of Philippine National Oil Co., told ANC that the legal dispute between the state-run oil firm and Petron involves 347 hectares, including 247 hectares of the site of the 180,000-barrel-per-day Petron refinery in Bataan.

....

The Office of the Government Corporate Counsel, acting as PNOC’s legal representative, filed a second appeal with the Supreme Court challenging a ruling that affirmed a Court of Appeals decision.

That decision rescinded deeds of conveyance for the transfer of the properties to PNOC and ordered the properties returned to Petron.

....

Government corporate counsel Solomon Hermosura said PNOC’s motion also challenges the undervaluation of public assets caused by the appellate court’s decision.

The OGCC said the decision transfers assets valued at P100 billion to Petron without just compensation. It said the dispute centers on three lease agreements for Petron’s service stations, bulk plants and refineries.

....”

We reiterate our disclosures on the matter.

The Supreme Court, in a resolution November 25, 2024, already denied with finality the motion for reconsideration by Philippine National Oil Company (“PNOC”) relating to the complaint filed by Petron Corporation (“Petron”) in October 2017 against PNOC for the reconveyance of the various landholdings it conveyed to PNOC in 1993, following the breach by PNOC of the agreements for the lease-back of the properties when PNOC refused to honor the terms of such lease agreements.

The resolution in favor of Petron has become final and executory and has been recorded in the Book of Entries of Judgment of the Supreme Court on the same day.

And as likewise previously disclosed, we received a copy of PNOC’s second motion for reconsideration. Since the second motion for reconsideration is still under consideration, we cannot comment further in accordance with the subjudice rule. We trust the courts to handle the matter fairly and in accordance with the law.
